Reference for Aadar Gupta

To Whom It May Concern:

I am writing this letter in support of Aadar Gupta. For the past two years, Aadar has taken part in a pathways event that I help to coordinate for the Hamilton Wentworth District School Board. As part of our event for students in grades 7 through 10 and their parents, we feature a student panel in which each student speaks about HWDSB programs that have helped them progress toward their chosen pathway. Aadar has been our university pathway panel representative for the past two years.

Aadar is an accomplished and articulate young man. He spoke eloquently about how his involvement with Westmount's Information and Communications Technology Specialist High Skills Major program has helped to prepare him for post secondary education. He also outlined the value of participating in cooperative education, and the importance of gaining work experience and networking with employers in one's area of interest. As well, Aadar spoke about his role as president of Westmount's coding club, and encouraged younger students to become involved in extra curricular activities while in secondary school.

Aadar was extremely accommodating and helpful at our events. He arrived early and was well prepared for his presentation. For last month's event, we originally had another student scheduled to come and speak, but the student had to cancel. At the last minute, Aadar agreed to come and take his place. We were very grateful that he was eager and prepared to help us out on short notice.

I have every confidence that Aadar puts forth his very best efforts in anything he becomes involved with, and I am certain he will be highly successful in all future endeavours. Please feel free to contact me if you require more information.

Kind regards,

Lynn Krusto
