

India Canada Society

Of Hamilton and Region

A secular non-profit organization devoted to upholding the rich social and culture heritage of India, contribute to the enrichment of Canadian life and culture, and championing the social and cultural interests of the Indo-Canadian community.

January 29, 2020

To Whom It May Concern:

I have had the opportunity to supervise Aadar Gupta during events for India-Canada Society Hamilton Region organization. He is a hard-working, diligent and sincere individual. He has shown initiative numerous times throughout his experience with working for our organization. This is a traditional and renowned organization, established in the mid 20th century, consisting of all professionals, such as professors, and doctors, with over 400 members. We have conducted several events, such as an Indian Republic Day Celebration, Summer Picnic, and a Bollywood Musical Extravaganza to celebrate the holiday season.

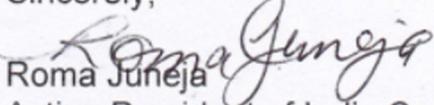

My first interaction with Aadar was when he helped with our Republic Day Event in 2019. He had arranged and edited the musical tracks for the event, while also helping set-up. Although the event was scheduled in the middle of their exam term, he showed his immense dedication and commitment into helping the organization and his responsibilities. He designed and created individualized certificates in appreciation of the performers and volunteers. Furthermore, Aadar applied his technical skills in sound editing and music remixing to help combine and cut tracks for the performances. He is very committed and devoted towards his work and is a reliable personality in any situation.

Aadar also showcased his leadership abilities and management skills, when he helped plan and organize the summer picnic for our organization. In this picnic, he took upon the initiative to run games and activities for the young kids, while also ensuring that there are programs set up for everyone else. He is a great example of a good leader, as he knows when to seek help from others as well. For example, he acknowledged that it was a big task and could not be completed alone, therefore, he put a team together to help.

In the Bollywood Musical Extravaganza, Aadar utilized his skills at every step of the way. Whether it was designing tickets and posters, to editing sound tracks and organizing the event, to writing a rap and performing it. He took upon multiple roles for this event and helped in every possible way. He also helped spread the name of our organization, by selling tickets and inviting others to this event. Aadar, along with his friends, also helped video record the entire event to capture each and every moment.

I believe that Aadar will be successful in whichever path he chooses, as he only puts his best efforts in and shows full commitment and passion towards the job at hand. You can reach me on my cell phone at (905) 865-2309 or through email at romaj262@gmail.com.

Sincerely,

Roma Juneja
Acting President of India Canada Society
